SUMMARY

Results-driven and innovative Flutter Developer skilled in building and deploying high-performance, scalable, cross-platform mobile apps for Android and iOS. Proficient in Flutter, Dart, Firebase, REST APIs, and multiple state management tools. Passionate about clean code, UI/UX best practices, and delivering real-world solutions.

TECHNICAL SKILLS

Languages & Frameworks: Dart, Flutter, JavaScript, HTML, CSS
State Management: GetX, Provider, Riverpod, Bloc
Backend & APIs: Firebase (Auth, Firestore, Cloud Messaging), Laravel APIs, REST APIs
Tools & Platforms: Git, GitHub, CI/CD
Other: Google Maps SDK, Payment Gateway Integration, Push Notifications
Soft Skills: Team Collaboration, Problem-Solving, Time Management, Communication
Additional: Driver feature development (e.g., ride assignment, navigation, live tracking)

EXPERIENCE

Flutter Developer   Aug 2024 – Present
AZ Solution – Hyderabad, Sindh
- Built and maintained mobile apps using Flutter & Dart for both iOS and Android.
- Worked with Firebase, Google Maps, REST APIs, and integrated payment gateways.
- Managed state using GetX and collaborated with UI/UX teams for seamless design-to-code conversion.
- Published apps and handled production maintenance on Play Store and App Store.

Flutter Developer   Jan 2024 – July 2024
YAS Solution – Hyderabad, Sindh
- Delivered responsive cross-platform apps with Flutter.
- Participated in Agile development cycles, conducted code reviews, and improved code quality.
- Integrated Laravel APIs and implemented CI/CD, real-time chat, and notifications.

PROJECTS

GOZOLT - Taxi Booking App for Malta | *Flutter, GetX, Google Maps, Laravel APIs*
- Developed a cross-platform ride-booking app using Flutter and GetX.
- Integrated Laravel-based REST APIs, reward system, Google Maps, and payment gateway.
- Designed and implemented key features including ride tracking, driver matching, and in-app notifications.
- Built separate flows for driver and passenger, including live driver tracking and map navigation.

Saudi Fashion App (SFA) | *Flutter, Firebase, Laravel APIs*
- Built a mobile shopping app for Saudi market with real-time chat and push notifications.
- Integrated secure payment gateway and Firebase services.
- Managed complete shopping flow from cart to checkout using Laravel APIs.

EDUCATION

University of Sindh   Jamshoro, Pakistan
Bachelor of Science in Software Engineering   *2021 – 2024*

CERTIFICATIONS

Flutter App Development   Hyderabad, Pakistan
MIT Solution
